ESDSDB - Evershine Dual Head Smart Brush

- Compact small head is suited for smaller mouths and hard to reach areas.
- Single tuft brush on the other end helps to clean behind the last molar & areas where tooth brush can't reach.
- Long handle with Intended thumb rest provides better grip for operating your brush.
- Soft round-ended bristles for sensitive teeth and gums which effectively help to remove plaque.

Ideal for precision cleaning of difficult reach areas like:

- Along the gum line, orthodontic appliances, attachments for overdentures, Implants, Erupting teeth & distal surface of the last tooth.
- The small practical brush cap suits on the go and use anywhere.

List Price: \$2.65 Each

Colors: Assorted

ESDSEN - Evershine Sensitive
